

## University of Brighton – Progress on 2016-2018 Concordat Implementation Plan

This plan was produced to address the implementation of the Concordat in January 2016. The progress to date column identifies progress against the original actions planned and the Progress Performance Measure (PPM) Column reports a **Red**, **Amber**, **Green** rating against our PPM. **Green** means completed on time as originally specified. **Amber** is either completed later than originally anticipated, or amended but we believe that the spirit of the action has been completed. **Red** is uncompleted. Both **Amber** and **Red** actions may have been moved to the new Concordat Implementation Plan (2018-20) and where this has occurred, the new action number has been referred to.
